¹ If a school has no grades/subjects with state assessments, attribution of test scores will use the feeder school calculation previously employed for AYP. The LEA-wide data for the next tested grade for the school will be used to yield the School Performance Profile score. For a school with no tested grades/subjects (e.g., a K-2 school), the grade 3 scores from the LEA will be used as part of the SPP score in addition to other academic indicators such as attendance and promotion rates. For a secondary school configuration without tested grades (e.g., a grade 9 school), grade 11 scores from the LEA will be used.

² Comprehensive CTC academic achievement is weighted at 44% while Closing the Achievement Gap is weighted at 3% for each group.
