August 2014

To whom it may concern,

As educators, we want our students to be successful in all aspects of their lives. The Student-PSEA at Millersville University offers a free tutoring program designed to help all elementary, middle, and high school students to achieve success in their studies. This program, Study Buddies, is free to all students and takes place on Millersville University's campus.

Tutors are Education majors who are looking to practice strategies and techniques they are learning in their courses, while helping students gain an understanding of the content in their subject areas. Students are paired one-on-one with a university student. The program meets Monday and Tuesday nights from 6 until 7 pm. Parents can choose to bring their child(ren) one or both nights.

Please look through the enclosed information. If you feel that this program may be beneficial for your students, please inform parents and teachers that it is available. If a child is interested in joining, there is an information sheet along with directions, along with a paper registration form (if necessary). This year we are trying online registration and that information can be found on the flyer enclosed. Please feel free to make copies of any of the papers I have included.

I hope you find Study Buddies to be beneficial to your student. If you have any questions about the program, please contact me by email at mustudybuddies@yahoo.com or by phone at (484) 886-9700.

Sincerely,

Jocelyn Lurie
Study Buddies President
