K. L-S THESPIAN SOCIETY

On April 3, 2018, 15 students were inducted into the LSHS-TS bringing the total membership to 46 students at the close of the 2017-2018 school year. Sixteen members will be graduating in June.

The Thespian Society held its annual end-of-year Social and Awards Night on May 2, 2018. In addition to medals presented to Best Actor and Actress, Best Supporting Actress and Actor, Most Valuable Instrumentalist and Outstanding Stage Crew Achievement Awards, all involved seniors will be individually "pinned" for their shared talents in contributing to the productions presented by LSHS-TS during their high school years at Lampeter-Strasburg School District. A dessert social was then held in the cafeteria for theater students, society members, family, and friends following the recognition assembly in the PAC.

The 2018-2019 Thespian Society Officers will be elected at this year's final meeting scheduled for May 22, 2018. All members will also be encouraged to participate in the summer orientation evening club fair in August to promote theater participation to new students and incoming freshman.

The Lampeter-Strasburg High School Thespian Society wishes to thank the School Board and Administration for their support with this year's fall and spring productions. All members and theater participants, including students, directors, staff, and parents are eagerly looking forward to next year's theatrical productions.

L. ORCHESTRA

The LSHS Orchestra string section completed a Chamber Music project in early April. During the marking period, three string students used one rehearsal period per cycle to select and prepare compositions designed for small ensembles from two to five performers, requiring each individual to perform an independent, unique instrumental part. This project culminated with a dozen ensembles performing for their peers and allowed the students to demonstrate their musical achievements in a new format. The growth accomplished in these small groups will serve to enhance the efforts of the full string section.

The high school music faculty, Dr. Peart, and Dr. Godfrey attended the annual Lancaster-Lebanon Music Educators' Association Honor Banquet on Tuesday, April 24, 2018, at Lancaster Mennonite High School. The following L-S student musicians from the class of 2018 were honored for their valuable contributions to our Music Department:

Ethan Bare:	Choral Music
Preston Brazzle:	Jazz
Sean Burke:	Marching Band
Steven Greenwood:	Choral Music
Laura Komara:	Band
Melissa Long:	Orchestra
Matthew Rhoades:	Keyboard
Alexander Williams:	Choral Music

C. TEAM NEWS

Sixth Grade Fundraiser for St. Jude Children's Research Hospital: Mrs. Jennifer Beers, Mr. Charles Lambert, and Mrs. Adriene Raymond once again hosted a Math-A-Thon fundraiser for their sixth grade students. Thirty-five sixth graders participated and raised a total of \$3,369.10. The donations have helped St. Jude Children's Research Hospital to cover the cost of helping and treating so many children with cancer and other childhood diseases. St. Jude is the leading children's research hospital, and treatments invented at St. Jude have helped push the overall childhood cancer survival rate from 20 percent to more than 80 percent since it opened 50 years ago. Our sixth graders enjoyed being a part of the Math-A-Thon and helping this worthy cause.

LAMPETER-STRASBURG ELEMENTARY DIVISION –

Dr. William M. Bray and Dr. Jeffrey T. Smecker, Principals

A. LAMPETER ELEMENTARY SCHOOL ENJOYS SOCIAL SKILLS ASSEMBLY

The students of Lampeter Elementary School enjoyed a fantastic assembly presented by Sadecky's Puppets entitled "Good Fortune." This program dealt with the topic of kindness towards others and the impact that these choices can have on self and others around us. Special thanks goes to the Lampeter Elementary School PTO for funding this assembly.

B. KINDERGARTEN REGISTRATION PROCESS CONTINUES

Students who will be in the 2018-2019 kindergarten class are attending small group simulated kindergarten experiences as the second part of this year's registration process. These groups are held in Lampeter Elementary School during the month of April. The children work with a team of teachers who conduct individual, small group, and whole group assessments. The students also have an opportunity to interact with each other during center and exploration time. During this time, the parents are meeting with Mrs. Donna Bitler, School Nurse; Mrs. Linda McCullough, SACC Director; Mrs. Brenda Malcolm, Early Childhood Coordinator; Mrs. Jaclyn Potter, Elementary Program Specialist; and Dr. William Bray, Principal.

A parent meeting was held on Monday, March 26, 2018, in the Lampeter Elementary School Cafeteria to preview kindergarten procedures with parents, to discuss the Keys to Kindergarten success, and to answer questions about kindergarten. Approximately 200 parents attended this program where Mrs. Brenda Malcolm, Early Childhood Coordinator, talked with parents about kindergarten expectations. Dr. William Bray explained the small group appointment times for the registration process and presented the next steps in the registration process.

The entire kindergarten registration process began with the Kindergarten Registration Round-up, which was held in February. Parents completed all of the necessary paperwork at that time.

C. KINDERGARTEN VISITS HELP PRESCHOOLERS TRANSITION TO SCHOOL

L-S offers several experiences that help preschoolers transition into kindergarten. One of these programs is the special visits that the area preschools make to Lampeter Elementary School. During the month of April, most of the area

preschools brought their kindergarten-age students to the elementary school to experience a kindergarten classroom. The District's kindergarten teachers host various classes and pair current kindergarten students with the preschool students.

D. LAMPETER ELEMENTARY HOLDS DOUGHNUTS FOR DADS

Lampeter Elementary School second grade students hosted their dads to stop into the cafeteria during the mornings of April 11 and 12, 2018, to share some time and a doughnut with them prior to beginning their day. This informal event drew a fantastic turn-out. A big thanks goes to the Lampeter Elementary School PTO for sponsoring this annual event!

INFORMATION TECHNOLOGY DEPARTMENT – Mr. William E. Griscom, Jr., Technology Director

A. CHROMEBOOK PROTECTION PLAN

The District provided an optional service for the 1:1 program in 2017-2018, which allowed parents to purchase a \$10 protection plan to help defray costs in the case of a broken, missing, or stolen Chromebook. As we enter May, we are happy to report that we are still in the black. The goal was to remain as close to neutral as possible. As we go into the 2018-2019 school year, we will hold the \$10 fee, along with \$25 (repair) and \$50 (replacement) fees for each individual issue. We will evaluate this each year to ensure that the number makes sense based on the damage and theft/loss.

B. NEW DISPLAYS

The vast majority of the high school projectors are over 10 years old and need to be replaced. We conducted a pilot program in the 2017-2018 year with non-interactive TVs in select rooms. Through survey data with the entire faculty and through discussions with members of the pilot group, we have determined that non-interactive TVs are adequate for some teachers, while interactivity is needed for others. Over the summer and possibly into the fall of 2018, interactive televisions will be provided to every teacher at the high school in the science, math, and special education departments. All other departments will receive non-interactive televisions.

C. HIGH SCHOOL PROJECTORS

In preparation for the new school year, as well as graduation, the District has completed the installation of new projectors in the High School band room and High School choral room, which are both overflow rooms for the graduation webcast. Additionally, a new projector and screen will be installed in the High school cafeteria in early May. This will allow for an image bright enough to be seen even in difficult lighting circumstances. The window tint applied over the summer will also reduce the light coming through the cafeteria windows.
